
Project brief

Himalayan Tea Co. · Online shop and wholesale ordering

About us

We sell loose-leaf tea from our own gardens to shoppers across Nepal, and in bulk to cafés, hotels and shops.

What we need

- An online shop for retail customers: catalogue, basket and checkout.
- A private ordering page for wholesale buyers, with their own price list.
- Stock levels that wholesale buyers can see before they order.
- Online payment, with a receipt for every order.

Pages

Home · Shop · Product · Our gardens · Wholesale · Contact

Who will use it

- Retail shoppers, mostly on their phones.
- Wholesale buyers placing the same order every month.
- Our own team, updating products, prices and stock.

Timing

We would like to launch before the festival season.
